

## Welcome to Carbon Purging!

Carbon Purging is a better way to offset your carbon footprint. Your purchase allows us to permanently retire CO2 pollution credits under your name into the Carbon Purging Trust and they will be added to our Emissions Bank. We purchase CO2 permits from RGGI and the EU ETS.

Read more about [how Carbon Purging works](#) [1], [calculate your carbon emissions](#) [2], [register for your account](#) [3], and [begin retiring permits today!](#) [4]
